Gentlemen
I am instructed
to acknowledge
receipt of your
letter
Surgeon expected

about the 15th month
for orders in
the matter
Rs. 15 may
shortly be
placed as
suggested.

Dear Sir,

The Senior Surgeon Dr. Usmon was going to Hole-Narsipur this morning on business and was good enough to take me with him. Rao Sahib Mr. Ramaswamaiaya the donor of the Maternity was there on a visit and we visited the Maternity with him. Rao Sahib Mr. Ramaswamaiaya wishes to provide a Sceptic Ward and an Operation Theatre also. The Sceptic Ward is a necessity and the operation theatre is also necessary. The operation theatre would have to be opposite to the labour room towards the irrigation channel. There is not adequate room for the Sceptic Ward in the grounds at present

We found that the servants quarters were not adequate and the donor Rao Sahib Ramaswamaiaya has undertaken to provide the same. He will also give white marble flooring for the Labour Room and the Operation Theatre. He has also given necessary - - instructions to make sundry changes in glass, colour wash and so on to improve the utility and appearance of the buildings.

I should say that the additions proposed by him to-day may cost about Fifteen thousand rupees or more. I am grateful to add that they are all his own ideas

and he has not been prompted by us.

You may remember the Local Fund Dispensary adjoining. These old buildings are an eye sore beside the pile of the new buildings. He desires that they may be added, with the grounds to the Maternity. He proposes if this is agreed to to re-roof the building and give it a new elevation,- - verandah, terrace and so on so as to be in keeping with the surroundings. The present Dispensary would then be the Sceptic Ward. The out-patient ward behind may be converted into Servants quarters or demolished. I prefer the latter. I feel strongly that we ought to give it to him for the Maternity.

As regards the Local Fund Dispensary a new building with out-patients ward will have to be built. Dr. Usmon tells me that the cost would be about Rs 9,000/-. I think the District Board and the Government may agree to share it equally. I believe the Municipality ought also to pay and if it does it would reduce the liability of the District Board and the Government. Rao Sahib Ramaswamaiaya will I believe also give a donation of Rs 1000/- for the new Dispensary. I have every hope that if we request him he will raise it suitably but I did not wish to press.

Considering what he has been doing and the additions he has now determined upon it would only be graceful if the Local Fund Dispensary and grounds are given over for the Maternity. The location of the new Dispensary will not create any difficulty if Mr. Marker's proposals about the road deviation are approved. It can be put alongside the new road. In any case we can find other suitable sites

If the proposals are approved temporary accommodation will also be provided.

I forgot to note in its proper place that space is needed also for a shed to house the motor ambulance Rao Sahib Ramaswamaiaya is giving, for a Dead house and so on. I think there is real need for more land and the improvements proposed are alla necessary. If this is not agreed to Rao Sahib Ramaswamaiaya will put up the Sceptic Ward elsewhere but it would cramp the buildings very much.

I am writing to you direct as it is his desire to complete things in a few weeks. If you approve of the ideas we will take the necessary formal action. I hope you will excuse the length at which I have written with a view to make things clear.

I have shown the above to Mr. Nanjundiah and the Deputy Commissioner and they agree.

Yours sincerely,

S Venkatarangaiya

A B S T R A C T.

Proposal to hand over the Local Fund Dispensary buildings and grounds at Hole-Narsipur to the Maternity to provide for much needed room for construction of Sceptic Ward Servants quarters and so on.

Operation theatre, dead house and motor ambulance shed have also to be provided for. So there is real need for additional land.

The Local Fund Dispensary buildings are very old and ugly. They should, to be in keeping with the surroundings, be practically rebuilt as Rao Sahib Ramaswamaiaya proposes to do.

New building should be constructed for Local Fund Dispensary. Cost Rs 9,000/-. District Board and Government to share equally deducting what might be given by the Municipality. Rao Sahib Ramaswamaiaya will also give a donation of a thousand.

What is needed is to allow District Board to give its quota and Government to give its quota.

Temporary accommodation, proper site for new Local Fund Dispensary and all details will be attended to.

Reg. No 1672.

Dear Sir,

When I was at Hole Narsipur last evening (31st August 1927) the Amildar of the Holenarsipur taluk represented to me that the Private Secretary to His Highness the Maharaja, visited Holenarsipur yesterday (31st August 1927) and --- observed on inspection that a large extent of land as now proposed is not necessary for the compound of the Maternity at the place but it might be extended as far as the Mari - Gudi etc., and that the alignment of the compound and of - the deviation of the road as at present decided required - modification. The local Assistant Engineer has been preparing a sketch of the site as suggested by the Private Secretary.

2. I request you to kindly communicate to me at an - early date as to how the matter will be finally decided to enable me to take further needful action.

Sir,

In reply to your letter No. G. 12746 dated the 1st June 1927 calling for detailed proposals about the improvements to be made to the Maternity Hospital at Hole-Narsipur, I have the honor to state that when last I was at Hassan on inspection duty I was informed that Rao Bahadur Mr. Ramaswamiah was at Hole-Narsipur. I therefore availed myself of the opportunity to see him at Hole-Narsipur and discuss with him about the improvements required for the Maternity. Mr. S. Venkatesiah was good enough to accompany me.

As will be seen from the letter, Mr. Ramaswamiah offers to provide improved flooring for the labour ward. This is a very necessary improvement and the offer may be accepted.

The proposed addition of an operation theatre in line with and opposite to the labour ward is also an urgent necessity.

A septic ward may as proposed be located where there is at present the out-patient dispensary. The juxta position of this old dispensary structure with the Maternity building is not only inconvenient but also disharmonious. I recommend that the building may be handed over to Mr. Ramaswamiah at an upset nominal value, to enable him to improve it and convert a portion of it into the septic ward. The rear portion may

PEERBHOY MANSIONS,
SANDHURST ROAD.
BOMBAY. July 27, '27.

Med 156-26-14

Dear Sir,

Your D.O. No. C.53/Med. dated the 20th June 1927 reached me here on the 23rd instant through the local Dead Letter office. This will explain why it was not possible for me to send a reply earlier.

I am very pleased to learn that Government greatly appreciate my proposals to provide a Septic Ward, Operation Theatre, Marble Flooring, and Servants' Quarters and that they are ready to do everything in their power to help me in my humble undertaking.

Regarding Local Fund Dispensary building, the building is nearly half a century old and will in any case have to be removed from its present location as it will very nearly be an eye-sore on account of its more or less dilapidated condition and ancient style of construction. To say the least it will (if it is allowed to remain in its present place and - - condition) mar the very happy impression which the standard and comfort of other buildings are sure to produce. I am somewhat surprised to learn that a question of demanding from me an upset price of the building is likely to crop up. The building has

has practically run its full span of life and as such, it can hardly be worth more than a few - - hundred rupees. Even if its present value is calculated with reference to its present age and the depreciation which it has hitherto undergone it ought not to cost more than a few hundred rupees. If Government and the District Local Board want me to purchase the building in question, I am prepared to do so, as the price which is likely to be demanded will, after all, be nominal. I was under the impression that the readiness of Government to do - everything in their power to help me in my humble undertaking would take quite a different turn. In other words I thought that the buildings would be handed over to me free of cost, and that I would never be asked to purchase them at an upset price.

The D.O. under reply further states that Government will instruct the Municipality of Hole-Narsipur and the District Local Board, Hassan District 'to construct a new Local Fund Dispensary at the place'. I understand that the idea is to ask the District Local Board and the Municipality to construct the new - - Dispensary building in the vicinity of the Maternity compound and not on its present site. Will you kindly say if my understanding is correct?

RAO SAHEB;
N. RAMASWAMY.

PEERBHOY MANSIONS.
SANDHURST ROAD.
BOMBAY. 27-7-27.

Questions regarding acquisition of sites for being thrown into the compound of the maternity, the erection of the compound wall and the consequent deviation of the existing road are on the anvil for a long time. They have nothing to do whatsoever, with the gift to, or purchase by, me of the present Local Fund Dispensary building.

The buildings promised by me in connection with the Maternity Home and Dispensary in my original application have been completed long ago, Viz. in April 1927; and unless the land in question is acquired and the compound wall erected and the garden laid out, it would, I think not be possible to arrange for the opening ceremony of the buildings by His Highness. These matters may kindly be proceeded with at a quicker pace if possible, and I may please be informed when some definite and marked progress is made in that connection.

I attach hereto a blue print plan showing thereon in red line the proposed Operation Theatre to be constructed, to the south of the Labour Ward with a connecting passage - as desired by the Senior Surgeon. During the Senior Surgeon's inspection of the buildings on or about the 24th of May 1927 it was found that the space at the junction of the passage connecting Labour

Labour Ward was rather narrow to wheel out the stretchers to and from the Labour Ward. In order to avoid this difficulty I have proposed in the accompanying plan to leave a space of 14' x 14' at the junction of the passages from the Wards Labour room and Operation Theatre so that even large sized cots can be freely moved at the junction.

Will you kindly arrange for the very early issue of formal orders of Government in the matter referred to above?

The matter was of an urgent character and you were reminded about it a number of times, the last time being on the 29th July 1927. But yet, Government have not been kept informed of the progress made in the matter. I am to state that this is unsatisfactory. I am also to request you to submit a report to Government immediately what action has been taken on the several points referred to above and when final replies may be expected.

Government consider that in view of the liberal donation of Mr. Ramaswamy, the L.F. Dispensary building should be handed over to him, free of charge. They will accordingly forego their share of the value of the building and they hope that the Municipal Council, Holenarasipur will also do the same. Dear Mr. Ramaswamy,

I am exceedingly sorry that my letter of the 20th June 1927 missed you. I understand that it was posted to your Hole-Narasipur address. This was a mistake and has unfortunately given rise to a lot of delay in the disposal of the matter.

Government are not the sole owners of the Local Fund Dispensary at Hole-Narasipur, but yet they will gladly place the building at your disposal and they will also request the local bodies who are part owners of the building to waive their share of the value. The question of the acquisition of certain lands, the erection of the compound wall and the deviation of the road are all held up on account of delay on the part of the local bodies in passing resolutions. I have written to Mr. N.S. Nanjundiah and also to the Deputy Commissioner of the Hassan District to kindly pay personal attention to these matters and I hope to get their replies in a short time.

The plan prepared by you for the location of the operation room is suitable, and it is being sent to the Senior Surgeon for needful action. The new Local Fund Dispensary that will be erected will be outside the Maternity Compound.

I am to state that Government are prepared to hand over the Local Fund Dispensary building to you but Government is not the sole owner of the building. The Municipality of Holenarsipur and the District Board of Hassan are both part owners, and without their express sanction, I am afraid the building cannot be handed over to you free. I have no doubt that, as suggested by you, the compensation, if you are required to pay any, will not be heavy. This, however, is a matter which can be decided only after the Government receive the decisions of the Holenarsipur Municipal Council and the District Board of Hassan on the question. So also, the question of the acquisition of certain lands, the erection of the compound wall and the deviation of the road are all held up on account of the delay on the part of the local bodies in passing resolutions.

(a) That the L.F.Dispensary building and the grounds may be made over for additions and alterations to the Maternity at Hole-Narsipur as proposed by Rao Sahib Ramaswamaiah, free of cost and without any up-set price.

(b) That the Board is willing to pay its quota for the construction of the new L.F.Dispensary and for the acquisition of lands and buildings and for other works connected with the improvement of the environments of the maternity.

(c) That the Board will also pay the additional amount that may be necessary for the extension of the compound wall and the lay out of the grounds.

(d) That the Board records its very high appreciation of the generous philanthropy of Rao Sahib K. Ramaswamaiah and resolves to communicate its thanks to him."

It will be seen that, as a matter of fact, the Rao Sahib is not taking up the L.F.Dispensary buildings for his own use, but is on the other hand effecting improvements to the L.F.Dispensary buildings in existence. He has already generously constructed expensive buildings, such as Operation Theatre etc. Hence it is - -

SIR,

With reference to your letter No. G. 1034/Med. dated the 29th July [redacted], enquiring as to when my definite proposals re. the improvements of the Maternity Buildings at Holenarsipur may be expected, I have the honour to state that the District Board of Hassan and the Holenarsipur Town Municipal Council have passed resolutions to the effect that the present Local Fund Dispensary building may be handed over free of cost to Rao Sahaib Ramaswamaiya for construction of additions to the Maternity buildings; (vide copies of resolutions No. 18 dated 30th June 1927 and No. 1 dated 3rd July 1927 enclosed). The Executive Engineer, Hassan Division intimates that the capital cost of the said building is Rs. 4,755/- as fixed by Government in 1921 and has forwarded an estimate for Rs 13,380/- for constructing a new building for the Dispensary as per type design which has been transmitted to the President, District Board, Hassan for countersignature and retransmission to him for further needful action. Rao Sahaib Ramaswamaiya has sent me a copy of his reply to you and he seems to think that the present Dispensary building might be given to him free of cost or for a nominal price of a few hundred rupees. I am of opinion that in view

Dear Sir,

I am in receipt of your Demd Official letter No. G 1815/ Med. 156-26-15 dated the 16th August 1927, re. the improvements of the maternity building at Holenarsipur, and in reply write to state that a detailed report was sent up to Government in the matter in my letter No. C. 1784-26 dated 13/16th August 27.

2. I may mention that the memo No. 54 - 58 dated 20th June 1927 and letter No. G. 1034/Med. dated 29th July 1927 were the only two communications of yours that were received in this office on the subject. The former was replied to so far back as the 25th June 1927 and you have acknowledged the same in your second communication of the 29th July 1927. I have been personally looking into the matter and taking all needful action promptly in this behalf. It was only yesterday evening i.e., on 16th August 1927, that the final plan was agreed upon in the presence of the Dewan Saheb. I am writing to Mr. Krumbiegel to send me a copy of the final plan and requesting the President of the District Board also to ascertain and communicate the exact specification of the lands to be acquired as marked out by the Dewan Sahaib on the 16th instant. As soon as their replies are received, I shall take immediate steps for the acquisition of the lands required and submit my proposals in that behalf without delay.

Yours sincerely,

22nd August 1927.

Dear Sir,

I acknowledge receipt of G.O.No. G. 1968-73/Med.156-26-20 dated the 20th August 1927, permitting the handing over of the present Local Fund Dispensary building at Hole Narsipur to Rao Sahaib K. Ramaswamaiya for the improvement of the Maternity building at the place. I have issued instructions to the Presidents of the District Board, Hassan and of the Holenarsipur Municipal Council and the District Medical Officer, Hassan, to place the building at the disposal of the Rao Saheb or his authorised agent immediately and have requested them to select a suitable site for the construction of a new building for the Local Fund Dispensary and also a temporary building for the location of the Dispensary till a new building is constructed. Mr. K. Ramaswamaiya also has been informed today of the action taken by me as above.

2. As regards the acquisition of the lands required for the compound and the deviation of the present road in front of the maternity, I am going to Holenarsipur tomorrow in company with the President of the District Board, Executive Engineer and the District Medical Officer, Hassan to have a survey of the lands to be acquired. It would considerably help matters if a copy of the final plan as marked out by the Dewan on the 16th instant is sent to me early. I request that Mr. Krumbiegel may be asked to furnish the plan to me immediately. On receipt of the plan, necessary action will be taken to acquire the lands formally ~~finally~~ and send up my proposals for orders. As the Holenarsipur Municipal Council plead their inability to contribute towards the cost of construction of the compound of the maternity, and the new Local Fund Dispensary building, and also of the acquisition of lands required for these purposes, I have requested the President, District Board to intimate the views of the District Board as to whether

Sir,

With reference to para 2 of your letter No.G.1974/Med.156-26-21, dated 20-8-27, anent the location of the present Local Fund Dispensary at Hole-narasipur, I have the honor to state, that I have no objection to its location temporarily elsewhere, viz., either in the Musafarkhana where the Female Dispensary is held or in a rented building close by, till the construction of a new building for the purpose. The plan of the Operation Theatre has my entire approval. I herein enclose a copy of my reply No. C.2567-18, dated 4-8-27, to Rao Sahib Ramaswamiah in the matter, together with a copy of the District Medical Officer's letter No.776, dated 25-8-27, on the subject.

Your letter dated 29th July 27, enclosing a plan, showing the Operation Theatre to be constructed to the South of the Labour Ward in the Maternity Hospital at Holenarasipur.

I have no more suggestions to make in the layout as now indicated in the plan, which has my entire approval. I would request you to supply two foot pedal wash hand stands, one for the Labour Ward and the other for the Operation Theatre, and also two marble top tables measuring 6' x 3' to keep lotion, jars etc. in the Operation Theatre. It is difficult to get marble here.

The plan is herewith returned.

Letter No.776, dated 25-8-27, from the District Medical Officer, Hassan to the Senior Surgeon in Mysore, Bangalore.

In obedience to Government Order No.G.1968-73/Med.156-26-20, dated the 20th August 1927, "directing the handing over to Rao Sahib Ramaswamiya of the present Local Fund Dispensary, Holenarsepur for inclusion in the compound of the Maternity Hospital at the place. A new building for the Local Fund Dispensary will have to be put up ", a copy of which was sent to me by the Deputy Commissioner, Hassan District, with No.G. 1784-26, dated 21-8-27, requesting me to arrange to place the Dispensary building at the disposal of Rao Saheb Mr. Ramaswamiya or his authorised Agent immediately, I have the honor to state that I proceeded to the spot with the Deputy Commissioner, President District Board, Executive Engineer, Hassan and Mr. S.Venkatasiah, Advocate and District Board Member on 22-8-27, and in anticipation of your approval made the following arrangements. The alterations and additions are to be made in one of the two blocks of the Male Dispensary viz., the Dispensary proper and the wards, after the improvements are finished in the wards, the Dispensary will shift to the wards making it available for the improvements.

Mr. B. Subba Rao, Agent of Rao SahibMr.Ramaswamiya has agreed to the proposal. The buildings are formally handed over to him and the Sub Assistant Surgeon has been instructed to place them at the disposal of Mr. Subba Rao.

A site has also been selected in anticipation of your approval in the Arkalgud Road opposite the D.P.W Sub Divisional Officer's Office; it is on the main road. The site opposite the present Maternity Hospital was suggested, but as there is not much room left after the deviation of the road is done, which gives no scope for putting up quarters, it was not approved by all.

The present site selected is one already selected for the Revenue Sub Divisional Officer's Office, but was resigned in favour of the Dispensary.

the 26th September ' 27

Dear Sir,

In continuation of my D.O. letter No. C. 1784-26 dated the 22nd August 1927, I enclose herein for information a copy of the Hassan District Board President's letter No. Gl. 1100-27 dated the 19th September 1927, stating that the District Board are agreeable to pay their quota of contributio towards the cost of the acquistion of the lands required for the compound of the Maternity at Hole-Narsipur and the deviation of the road in front. He has promised to send a formal resolution of the Board in this behalf and it will be forwarded to you on receipt.

2. You will see from the President's letter that the idea of the District Board is to take up the execution of the work of construction of the compound wall themselves -- through their own agency and to entrust the Department of Public Works with the construction of the deviation of the road. I enclose herein a copy of the Hassan Division Executive Engineer's letter No. 1100 dated the 25th August 1927 on the subject. In view of the fact that the compound wall is an ornamental one, and requires technical skill, I am of opinion that its construction also may be left to the Public Works Department. I request you to kindly place the matter before Government and obtain their orders in this behalf.

3. The District Medical Officer intimates in his letter No. 775 dated the 25th August 1927 (Copy enclosed) that needful arrangements have been made to place the present dispensary building at the disposal of Rao Saheb Ramaswamaiya in accordance with G.O. No. G. 1968-73/Med. 156-2-20 dated the 20th August 1927, I have communicated this to the Rao Saheb.

With reference to your No. G. 1784-26 dated 21st August 1927 requesting me to arrange for the construction of a compound wall to the newly constructed Maternity buildings at Holenarsipur, I have the honour to state that the locality in question was inspected on the 22nd instant by you in company with the President of the District Board and the undersigned.

The President of the District Board informed us that -- arrangement has been made to have the compound wall constr c- ted by the donor's agent at Holenarsipur. It may be stated tha there is a provision of Rs. 1,000/- under State Funds - for the above Compound wall vide page 183 under Medical of - the sanctioned budget for 1927-28.

From the blue print, available during inspection, shewinng the design of the compound wall and gates, it -- appears to be a high ornamental wall. The length of the - wall to be build exceeds 1,300 feet as per line marked on the ground.

As regards the deviation of the Hassan-Ilwal road, consequent on the new lay out in front of the Maternity buildings, I request you to kindly intimate if the proposed deviation has to be executed by the District Board or the Public Works Department. On hearing from you, I shall -- arrange to have the plans and estimate prepared for obtaining funds from the District Board in case the deviation has to be undertaken by the Department.

Letter No. 775 dated 25th August 1927 from the District Medical Officer, Hassan, to the Deputy Commissioner, Hassan District, Hassan.

With reference to your No. G. 1784-6 dated 21st August 1927, I have the honour to state that I visited Holenarsipur on 22nd August 1927, and the following arrangements are made for handing over the Male Dispensary to Rao Sahaib Mr. Ramaswamaiya's Agent at Holenarsipur. The alterations and additions are to be made in one of the two blocks of the Male Dispensary viz., the Dispensary proper and the wards; after the improvements are finished in the wards the Dispensary will shift to the wards making it available for the improvements. Mr. B. Subba Rao, agent of Rao Sahib Ramaswamaiya has agreed to the proposal. The buildings are formally handed over to him and the Sub Assistant Surgeon has been instructed to place them at the disposal of Mr. Subba Rao.

A suitable site has been selected for the new building of the Local Fund Dispensary Holenarsipur.

With reference to your Memo No. L.S.G.1794-26, dated 17th September 1927 forwarding copy of Consulting Architect's letter dated 14th September 1927 and asking me to send a reply ~~xx~~ re. (1) payment of half the cost of acquisition of S. No. 90 and 91 and old S.No. 91, for Holenarsipur Maternity Compound, Musafirkhana etc., (2) payment of contribution of District Board towards cost of equipment, and (3) the agency for the execution of the works relating to the construction of the compound wall and the deviation of the road, I have the honour to state that the District Board will pay half the cost of the lands referred to by you, that the District Board will also bear their share of contribution for equipment and the compound wall to be executed by District Board Agency, while the road deviation may be executed by the P.W.D.

As regards the Maternity equipment, however, the donor, Rao Sahaib Ramaswamaiah, had recommended that the order may be placed with a Firm in Bombay who he said would supply selected articles economically, as that firm had a kindly eye on this Institution. This matter is under correspondence with the Senior Surgeon.

As regards the lay out a copy of the original may be kindly sent to me early.

In all these matters, the Board has already passed comprehensive resolution agreeing to bear half the cost of acquisition, and to bear their quota of equipment charges and the compound wall and there is no need for fresh ones. However, as I have been asked to obtain them again, I will

Sir,

In reference to the Secretariat D.O letter no. G. 7714/Med. dated the 10th January 28. regarding the progress made up-to-date in the matter of the lay-out of the compound of the Maternity etc, at Holenarsipur, I have the honor to state for the information of Government that the lands required for the compound and the deviation of the road, the acquisition of which was sanctioned by Government, were put in possession of the President, District Board, and the Executive Engineer, Hassan

require Sanction of the Chief Engineer, he may kindly be addressed by Government to expedite the Same.

2. As regards the disposal of the present Local Fund dispensary building to Rao Sahib Mr. K. Ramaswamiah, the orders of Government were given effect to already and the fact reported to Government in my Do letter no. C 1184-26 dated 27-9-1927. The Rao Sahib has written to me on the 11th instant that he has made necessary arrangements to see that the improvements promised by him are all completed before the end of this month. He wants that the bund of the Channel behind the Maternity may be reduced. The Executive Engineer, Sanitary and Town Planning Division, has suggested in para 2 of his notes of inspection of the Holenarsipur Town that the channel bund in question for the length of the Hospital may be made uniform in width and levelled up and a slope of 1 to 2 given and trimmed on the Hospital side

In this connection it will probably not be out of place for me to say that -

(a) the compound wall
(b) laying out of the garden
(c) reducing the channel bund to the newly formed ground level of the Maternity Hospital buildings before erecting the compound wall
(d) diversion of Mysore Hassan Road,

are items which still remain to be done by Mysore Government. Unless these are done in time it would not be correct on my part to arrange for the opening ceremony of the buildings.

Sir,

With reference to your D.O. letter No. 1898 dated 3rd March 1928, intimating that the question of lowering the bund of the South Channel of the Sri Ramadevara Dam at Holenarsipur has been referred to the Chief Engineer, Krishnarajasagara Works for needful action, I have the honor to state that the Chief Engineer, Krishnarajasagara Works, has written to me to say that the channel in question is in charge of the Executive Engineer, Hassan Division, and that the matter has been referred to the Superintending Engineer, Shimoga Circle. The Superintending Engineer wants me to let him know the source from which the cost of the work has to be met. I enquired both the Executive Engineer and the President, District Board Hassan. The former says that he has no funds out of the allotment placed at his disposal and from the latter's letter, I think that the District Board are not prepared to contribute anything for the work out of their funds. I have this day communicated these circumstances to the Superintending Engineer and requested him to move you for necessary funds being placed at his disposal out of the allotment sanctioned in the Public Works Department Budget for the current year.

2. When I met you on the 26th January 1928 and had a talk on the subject you were good enough to observe that you would see that the work was done early and that you could spare the small amount needed for it. As already mentioned, since
